Dear Perspective BECC Board Member:

Thank you for your interest in becoming a part of the Governing Board for Broomfield Early Childhood Council. The Governing Board is a fundamental part of the BECC operation as it helps to guide the direction of the Council's work, and develops the operation to impact more agencies and families.

The Governing Board meets once per month to discuss business, upcoming activities and events, and ensure that the Council is meeting the goals and objectives set forth. Governing Board members are also encouraged to attend the Advisory Council meeting on the fourth Thursday of the month to network with other stakeholders in the community regarding early childhood and hear the successes and barriers to achieving quality care in Broomfield.

The goals and objectives contained within the structure of BECC may align closely with your personal goals or the goals of an agency you represent. This helps to strengthen the work done in the community and ensure that partnership is at the core of our work. With partnership, we can develop a Broomfield County integrated system of care that promotes the health and well-being of young children, their families, and their providers.

Being a part of the Governing Board is a great opportunity to use your strengths and increase your awareness of the importance of early childhood, and meet some great people along the way. Thank you again for your application, we look forward to working with you.

Respectfully,

Jessica Jones
BECC Director

Early Childhood Council
